start of the scan area

## Description

This Avison FB6280E Bookedge Scanner is a super fast A3 flatbed colour scanner with the added advantage of being able to scan up to the edge of a book spine without the shadows, distortion and page skewing often encountered with conventional scanners. Curved text often seen near the center is also eliminated, since this special design allows pages to spread flat on the scanner.

No need to manually press the book against the scanner. The Avison FB280E A3 Bookedge Scanner has CCD sensors and a 600 dpi optical resolution which together can produce high quality A3 color scans in 4.5 seconds at 300 dpi.

The Bookedge design is also easier on the books and thanks to its exceptional speed and image quality, the FB6280E is also a great way to scan artwork, drawings or office documents. The Avison FB6280E is the ideal choice for anyone requiring frequent scanning of large-sized documents.

Main features: A3, USB2, ideal for books, magazines. Scan within 2mm of a book's spine without shadows or curvature. Also great for fast scans (5 sec.) of A3 drawings & docs, for Windows (Mac optional), 1 year warranty RTB.

## Product information

<b>Model No.:</b>	FB6280E Bookedge
<b>Flatbed Scan Area:</b>	A3+ (297x431 mm)
<b>ADF Capacity (pages):</b>	50
<b>ADF Scan Area - Max.:</b>	297x432 mm
<b>ADF Scan Area - Min.:</b>	102x152 mm
<b>Duplex or Simplex:</b>	Simplex
<b>ADF Speed (ppm):</b>	50
<b>ADF Paper Path:</b>	U
<b>Paper Weight:</b>	From 52 gsm up to 135 gsm brochures
<b>Colour Modes:</b>	B&W, Greyscale, Colour
