Description

The Fujitsu fi-7260 is a desktop A4 document scanner, featuring an 80 page ADF and a high speed A4 flatbed. It replaces the Fujitsu fi-6230Z scanner. Fujitsu's fi-7260 ADF scanning speed is rated at 60ppm or 120ipm in duplex mode.

The fi-7260 also offers versatile paper handling, including the ability to scan mixed documents, small cards or extra long documents. It includes PaperStream IP which features advanced image processing at Twain/ISIS driver level, and the PaperStream Capture application. The fi-7260 features a very fast built-in flatbed module that enables the scanning of diverse documents types such as bound, stapled or delicate documents.

Featuring a high capacity hopper tray, these scanners allow for loading document batches containing up to 80 sheets at a time - and allowing for the continuous feeding of additional documents whilst scanning. A liquid crystal display (LCD) is included in the operator panel to display the number of sheets scanned, and error status.

Users can easily select and initiate predefined scanning profiles. The Fujitsu fi-7260 is equipped with a "Skew Reducer" to maintain the straight alignment of paper feeding. For mixed batches of documents containing small or thin paper sheets, this function reduces the physical skew of documents throughout the paper path.

Even the most untidy batches are given special treatment sheet-by-sheet, which ensures total coverage for every scan. This reduces lost data on the edges or in the corners and saves time with no more rescans required.

Main features: 60ppm (120ipm), FB + 80p ADF, A4, True Duplex, USB3. 1 year warranty RTB.

Product information

Model No.:	fi-7260
Flatbed Scan Area:	A4+ (216x297 mm)
ADF Capacity (pages):	80
ADF Scan Area - Max.:	210x5461 mm
ADF Scan Area - Min.:	51x54 mm
Duplex or Simplex:	True Duplex
ADF Speed (ppm):	60
ADF Speed Duplex (ipm):	120
ADF Paper Path:	Straight
Paper Weight:	27 to 413 gsm for A4 (126 to 209 gsm for A8 size)
Colour Modes:	B&W, Greyscale, Colour
Scanning Technology:	CCD x 2
Interface:	USB3.0/2.0
Resolution (dpi, optical):	600
Light Source:	LED
File Formats:	Text Searchable PDF, TIFF, JPEG, BMP
Software Standards:	TWAIN, ISIS drivers
Imaging Features:	Deskewing, sharpening, auto-crop, blank page removal, page separation, dynamic thresholding, noise removal
In the Box:	PaperStream Capture, ScanSnap Manager, FineReader OCR for ScanSnap, Central Admin Agent, USB Cable
PC Configuration:	Minimum: 2GB RAM, USB2. Recommended: 4GB RAM
Supported OS:	WINDOWS 7, Win 8.1, Win 10. Server 2008, 2012, 2016

Dimensions:	300x577x234 mm
Weight:	8.8
Electrical:	Input: 100-240 VAC, 50/60 Hz. Power consumption:
Operating Environment:	5°C to 35°C, 20-80%RH
Warranty:	12 months parts & labour warranty
ADF (Doc. Feeder):	Yes
Flatbed:	Yes
Duty Cycle:	★ ★ ★
